

MillerCoors **DESTROYS** **NEW JERSEY JOBS**

MillerCoors and its distributor, Shore Point Distributing, are companies that depend on us for their businesses' success. Their employees and their families are part of New Jersey communities that depend on employers to pay family-supporting wages and provide for a dignified retirement.

Despite its success with \$20+ million in annual revenue, Shore Point is demanding to end its workers' pension and freeze their wages. When employees didn't accept these cuts, Shore Point locked them out of their jobs with no paychecks. Now these loyal workers are on the streets while Shore Point tries to starve them into submission.

MillerCoors should tell its distributor not to turn its back on New Jersey workers and families. Let's take a pass on MillerCoors beers until they do that.

**MILLERCOORS IS A BAD NEIGHBOR.
DON'T BUY IT.**
